DATE: 14 DEC 57

TO : Chief, SR

INFO: Chief, SE

FROM : [ ]

SUBJECT: General-- REDWOOD/Psych/AECROAK/AERODYNAMIC

Specific-- Rescheduling of AECROAK & AERODYNAMIC Broadcasts

ACTION REQUESTED: None, for information and files

1. We have been notified by WEMOA that due to added commitments at PYREX the following changes in AECROAK and AERODYNAMIC scheduled broadcasts will be made affective 10 Dec. 1957

AECROAK: Instead of the 30 minute broadcast at 2130Z hours on one transmitter and one frequency, there will be a 15 minute broadcast on two transmitters and two different frequencies at 2145Z hours.

AERODYNAMIC: Instead of the one hour broadcast at 0730Z hours on one transmitter and one frequency, there will be a 30 minute broadcast on two transmitters and two different frequencies at 0800Z hours. The 15 minute broadcast now being aired at 1830Z hours on one transmitter and one frequency will be aired at 2200Z hours for a period of 30 minutes on two transmitters and two different frequencies.

2. Prior to being approved by Chief, WEMOA, the change was discussed by [ ] with [ ] and was accepted by the latter. We feel that, if anything, the new schedule is an improvement over the previous one as it provides a larger variety of frequencies for both AECROAK and AERODYNAMIC scheduled broadcasts, as well as additional 45 minutes of transmitter time for the latter.
